Carter and Garrett's lands, running across the Bellary road near the 2nd mile-stone where the road splits into two, one going to Tunkur, and the other to Nunddyoog, and along south side of the Tunkur road as nicked out to Ranganathapura.

(3.) *North West Channel Line*, runs from the south-west side of Subbappallyam, along the east side of Javanahalli, south of Mattikere and through a portion of the lands belonging to Yedauhalli village, by the west of the Madiribrighanhalli tank, to near the mango tree, on the railway-feeder road.

In addition to the lands comprised within the above limits, a width of twenty feet on each side of the line which has been nicked out, for the delivery channel will also be required. The delivery channel line proceeds from the reservoir and running below and somewhat parallel to the south-east catchment channel line, crosses the Bellary road near second mile stone and goes near the house commonly known as General Dobbs' as nicked out. Beyond the end of the nick line, the channel will run under ground between the kitchen and coach house of the said Bungalow down to a stone on the east side of the Cathcart road. But this last portion will not probably be commenced within this year.
